

Having successfully taken AIM listed PLC's through the IPO (Initial Public Offering) process, the experience within CFPro gives you the assurance that you will have the senior finance support necessary to guide you through the listing process. Undertaking an IPO introduces additional demands on business resources and can prevent management from sustaining their level of focus upon business operational strategy and growth.

The IPO process can be a onerous and time-consuming. With the support of CFPro, management can continue to focus on the business itself and have access to the most up to date technical expertise.

Our support covers IFRS Conversion, FPPP, IPO Project Management, System Implementation & Upgrade, Internal Audit, Company Secretary, Corporate Governance and Working Capital Modelling services.

- **IFRS Conversion** – with the expertise of current accounting standards to support first time IFRS adoption and restatement of prior year accounts. This includes the evaluation of the IFRS financial control environment.
- **FPPP** - drafting of Financial Position, Prospects and Procedures Manual.
- **IPO Support & Project Management** – mentor and guide the Finance team and board through key milestones to meet deadlines.
- **System Implementation & Upgrade** – we can support you through discovery and project management phases of implementation when upgrade of business reporting systems is required.
- **Internal Audit**– the evaluation and improvement of risk management processes and control improvement ensuring your company meets its corporate objectives.
- **Company Secretary**– ensuring board compliance with the Companies Act, MAR and LSE requirements with administration support for the Board.
- **Corporate Governance**– the team can support the board to ensure adherence to key processes and timings required by listed companies.
- **Working Capital Modelling** - preparation of integrated group financial model to support working capital requirements.
